Dilution Effects

Because warrants issued in this time were allocated to the Company's existing shareholders according to the Rights Offering, the shareholders will not be affected on the date of warrant issuance. However, if the right to buy the Company's capital-increased shares is exercised upon the whole amount of warrants and warrant exercisers are not the Company's existing shareholders; the Company's existing shareholders will have dilution effects as follows:

(a) Shareholding and Control Dilution

In case that the capital-increased ordinary shares according to the whole amount of warrants is exercised by other persons who are not the Company's shareholders, there are shareholding effects, the shareholding proportion will decrease by 3.69* compared with the proportion of shareholding prior to issuance and the allocation of the warrants.

*It is calculated number of shares reserved to accommodate the Warrants issued this time

- (1) An amount of the Company's all shares issued on October 15, 2021, in the amount of 1,756,516,065 shares
- (2) Number of shares from the exercise of the MBK-W1 Warrants in the amount of 38,550,029 shares.
- (3) Number of shares from the exercise of the MBK-W2 Warrants in the amount of 40,144,148 shares.
- (4) Number of shares reserved to accommodate the Warrants Issued This Time in the amount of Not more Than 70,260,642 shares.

Control Dilution = Number of shares reserved to accommodate the Warrants Issued This Time / (Number of paid-up shares + Number of shares from the exercise of the MBK-W1 Warrants + Number of shares from the exercise of the MBK-W2 Warrants + Number of shares reserved to accommodate the Warrants Issued This Time)

$$= 70,260,642 / (1,756,516,065 + 38,550,029 + 40,144,148 + 70,260,642)$$

= Approximately of 3.69 percent

(b) Price Dilution

Both in the case that all of the MBK-W3 Warrants are fully exercised, but the warrant holders who exercise the Warrants are not the shareholders of the Company, the price per share will be diluted by 2.92* percent from the market price based assumption of THB 13.72 per share, the calculation is based on the weighted average closing price of the past ten business days prior to the Board of Directors' meeting on October 6, 2021.

*Calculated by market price THB 13.72 per share, subtract Post-offering market price THB 13.32 per share, Divided by market price THB 13.72 per share,

Post-offering market price = (Market price x (Paid-up shares + Number of shares from the exercise of the MBK-W1 Warrants + Number of shares from the exercise of the MBK-W2 Warrants)) + (Exercise price x Number of shares received after conversion) / (Number of Paid-up shares + Number of shares from the exercise of the MBK-W1 Warrants + Number of shares from the exercise of the MBK-W2 Warrants + Total shares offered)

$$= (13.72 \times (1,756,516,065 + 38,550,029 + 40,144,148)) + (3 \times 70,260,642) / (1,756,516,065 + 38,550,029 + 40,144,148 + 70,260,642)$$

= THB 13.32 per share

Price Dilution

= Market price - Post-offering market price / Market price

$$= (13.72 - 13.32) / 13.72$$

= Approximately of 2.92 percent

(c) Earnings Per Share Dilution (EPS Dilution)

Due to the past 12 months, performance showing loss, EPS dilution would not been calculated.

- (3) Supporting documents for the exercise of the warrants

I. Thai citizen

In case of any name/surname's change which causes the name/surname to differ from the name/surname appearing on the warrant certificate or the warrant substitute, a certified true copy of any document issued by the governmental authority, e.g. marriage certificate, divorce certificate, certificate of name/surname change, etc. must be attached to the relevant supporting documents.

II. Alien

III. Domestic juristic person

If a warrant holder falls to submit supporting documents for the exercise of the warrants as prescribed above, the Company and/or the agent receiving exercise intention reserve the rights to consider that such warrant holder does not intend to exercise the rights under the warrants. Nevertheless, the Company and/or the agent receiving exercise intention can exercise its discretion to allow such warrant holder to exercise the warrant as it deems appropriate.

(4) To pay the exercise price according to the amount specified in the notification of the intention to exercise warrants form to the Company or the agent receiving exercise intention (as the case may be) within the specified period by one of the methods as follows:

- I. Money transfer payable to Account "MBK Public Company Limited For Share Subscription Under Warrant" TMBThanachart Bank Public Company Limited, Branch Maboonkrong Center, Savings Account No. 043-7-39145-1 Evidence proving the transfer needs to be attached with within such day for the exercise of the warrants.
- II. By cheque, cashier's cheque, bank draft, or payment order from the bank which can be called for collection in Bangkok, which is subscribed and delivered to the Company or the agent receiving exercise intention (as the case may be) within 11 am of 2 days prior to each exercise date. It has to be crossed and made payable to Account "MBK Public Company Limited For Share Subscription Under Warrant", or made payable through other means as determined and notified by the Company or the agent receiving exercise intention.

The exercise of rights to purchase such capital-increased ordinary shares will be considered complete only when the Company and/or the agent receiving exercise intention successfully collect the payment of such exercise price. If the Company and/or the agent receiving exercise intention cannot collect such payment in whatsoever case that is not due to the fault of the Company and/or the agent receiving exercise intention, the Company will consider that such warrant holder intends to cancel his/her respective intention to exercise his/her rights to purchase ordinary shares. In such case, the Company and/or the agent receiving exercise intention will return the warrant certificate or the warrant substitute together with the cheque, cashier's cheque, or bank draft which cannot be collected, to such warrant holder within 14 days after each respective exercise date.

Nevertheless, the warrant holders will be able to exercise their rights to purchase new ordinary shares on subsequent exercise dates, except in case of the last exercise date in which the Company and the agent receiving exercise intention will not be responsible for any interest and/or damages in whatever cause.

Note: The warrant holders who want to exercise their rights to purchase ordinary shares will be responsible for any costs, including all taxes and/or revenue stamps (if any) according to the Revenue Code, relevant regulations, or law governing the exercise of the warrants (if any).

1.2.9 The number of the warrants to be exercised will be non-fractional number only. The exercise ratio is 1 unit of the warrants for 1 ordinary share, except that that the warrants' conditions are adjusted.

Two handwritten signatures in blue ink, one on the left and one on the right, appearing to be official approvals or signatures.

1.2.10 The number of the ordinary shares issued upon the exercise of the warrants will be calculated by dividing the amount of money received from the warrant holder for the exercise of the warrants as described above the exercise price. The Company will issue the ordinary shares in a non-fractional number not exceeding the number of the units of the warrants multiplied by the exercise ratio. If there is an adjustment of exercise price and/or exercise ratio causing any fraction of shares after the calculation, such fraction will be rounded down and the Company will refund the money remained from such exercise without any interest to the respective warrant holder within 14 days after the respective exercise date pursuant to the methods and conditions to be specified by the Company and/or the agent receiving exercise intention.

Nevertheless, in any case, if the delivery of the cheque for the money remaining from the exercise of the warrants or the money received but the warrants are not exercised or are not eligible to exercise is duly carried out via registered mail to the address specified in the notification of the intention to exercise warrants form, it will be deemed that the warrant holder is duly refunded of such money and the warrant holder will have no rights to claim any interest and/or damages due to whatever causes.

1.2.11 If the Company and /or the agent receiving exercise intention receive the incomplete or incorrect document for the exercise of the warrants, or if the Company and/or the agent receiving exercise intention find any incomplete or incorrect information in the notification of the intention to exercise warrants form or revenue stamps affixed thereto (if any) are incomplete according to the Revenue Code, or any applicable regulations or laws, the warrant holder will rectify and correct such error withing the notification period. If the warrant holder fails to rectify and correct such error within such period, the Company will deem that such warrant holder intends to cancel his/her exercise of the warrants in such exercise. The Company and/or the agent receiving exercise intention will return the warrant certificate or warrant substitute and refund the money received without any interest to such warrant holder within 14 days after the relevant exercise date. Nevertheless, the warrant holder will be able to exercise their rights to purchase capital-increased ordinary shares on the subsequent exercise dates, except in case of the last exercise date in which the Company will deem that such warrants are nullified without being exercised. The Company and the agent receiving exercise intention will not be responsible for the interest and/or any damages in whatever reasons.

1.2.12 In case that the warrant holder fails to make a full payment or make excess payment, the Company and/or the agent receiving exercise intention is entitled to take one of the following actions as the Company and/or the agent receiving exercise intention may consider appropriate:

(a) The Company and/or the agent receiving exercise intention may deem that the intention to exercise the warrants is equal to the lower amount between (1) the amount of ordinary shares which will be received according to the rights and (2) the amount of ordinary shares to be received corresponding to the payment made on such exercise received by the Company and/or the agent receiving exercise intention at the exercise price and exercise ration at such relevant time, or

(b) The Company and/or the agent receiving exercise intention may require the warrant holder to make an additional payment in full corresponding to his/her number of shares to be purchased by the exercise of the warrants within the notification period. If the Company and/or the agent receiving exercise intention do not receive the additional payment in full within such period, it will be deemed that such warrant holder intends to cancel the exercise of the warrants in such exercise only for the portion that is not fully paid by the warrant holder. The warrant holders can notify to purchase new capital-increased ordinary shares on subsequent exercise dates, except in case of the last exercise date in which the Company will consider that such warrant is nullified without being exercised. The Company and the agent receiving exercise intention will not be responsible for any interest and/or damages due to whatever reasons.

In case of (a) or (b), if there is any refund of money to the warrant holders, the Company and/or the agent receiving exercise intention will refund the money remained from the exercise of the warrants or the money received without any interest to such warrant holder within 14 days after the relevant exercise date pursuant to the methods and conditions specified by the Company and/or the agent receiving exercise intention.

Nevertheless, in any case, if the delivery of the cheque for the money remaining from the exercise of the warrants, or the money received but the warrants are not exercised or are not eligible to exercise; is duly carried out via registered mail to the address specified in the notification of the intention to exercise warrants form, it will be deemed that the warrant holder is duly refunded of such money and the warrant holder will have no right to claim any interest and/or damages due to whatever causes.

1.2.13 In case that the warrant holder delivers the warrant certificate representing the number of the warrants more than those he/she wishes to exercise, the TSD will deliver a new warrant certificate representing the remaining units of the warrants to such warrant holder within 15 days from the relevant exercise date, and cancel the former warrant certificate, except for the last exercise. It will not be any issuance of new warrant certificate.

1.2.14 After the warrant holder who wishes to exercise the warrants to purchase ordinary shares fulfills all conditions of the notification of the intention to exercise the warrants duly submitting the warrant certificate and the notification of the intention to exercise warrants form and making full and correct payment for the exercise price, the warrant holder will not be able to revoke or cancel the exercise of the warrants in any case, unless a written consent from the Company is obtained.

1.2.15 When the last notification period lapses but the warrant holder does not comply with all conditions of the exercise of the warrants, it will be deemed that such warrant is nullified without being exercised. The warrant holder is thus unable to exercise his/her rights regarding the warrants and will not be entitled to claim against the Company.

- 1.2.16 The Company will register its paid-up capital with the Ministry of Commerce in the amount corresponding to the new ordinary shares issued pursuant to the exercise of the warrants within 14 days after each respective exercise date. The Company will arrange for the share registrar of the Company to register the warrant holder who exercises the warrants, as a shareholder of the Company in the shareholders register book according to the number of shares issued from such exercise. The Company will submit an application for the listing of the capital-increased ordinary shares issued in corresponding with the exercise of the warrants on the SET within 30 days after each respective exercise date.
- 1.2.17 In case that ordinary shares reserved to accommodate the exercise of the warrants are not sufficient to accommodate the exercise of the warrants, the Company will pay compensation for the damages arising out of the warrant holder's inability to exercise the rights of the warrants. Nevertheless, the Company will not compensate for any damages to the alien warrant holders (both individual and juristic person) who are unable to exercise their rights of the warrants because of a restriction of alien shareholding ratio as specified in the Company's articles of association that the shareholding ration of aliens has to not exceed 40% of the total issued shares of the Company, although the Company reserved shares are enough.
- 1.2.18 The Board of Directors or any person designated by the Board of Directors or authorized directors appoint a person to be authorized to determine criteria, conditions, and details of the warrants, including the allocation method of the warrants, the name list of shareholders who have the right for the warrant allocation, negotiations, signing relevant documents and contracts, and necessary actions related to the issuance and offering of the warrants this time, as well taking the warrants and ordinary shares of such warrants to be listed on the SET and seeking approval from relevance authorities.
2. **Compensation in case that the Company is unable to provide ordinary shares to accommodate the exercise of the warrants**

The Company will make compensation to the warrant holders if the warrant holders notify their intention to exercise their warrants in compliance with the conditions as imposed but the Company is unable to provide the sufficient number of underlying issued ordinary shares to accommodate the exercise of the rights of the warrants, except for restriction on the transfer and the exercise of the warrants as specified in Clause 9. The Compensation that the Company will pay to the warrant holders is calculated as follows:

Compensation per 1 unit of the warrant = $B \times (MP - EP)$

In this regard, B represents the number of ordinary shares which the Company cannot provide and/or increase in corresponding with the adjustment of the exercise ration calculated per 1 unit of the warrants

MP represents Market Price per Share of the Company's ordinary shares which equals to the trading value of the Company's all ordinary shares divided by the number of the Company's ordinary shares which are been traded on the SET for a period of consecutive 15 working days prior to each exercise date.

EP represents the Exercise Price or the adjusted exercise price.

In case that "the market price per share of the Company's ordinary shares" cannot be found because the Company's ordinary shares are not traded on the date used for calculation, the Company will instead determine the fair value of the Company's ordinary shares to be used for calculation.

The Company will make compensation to the warrant holders by sending the cheque (account payee) via registered mail within 30 days after the respective exercise date without interest.

In addition, in case of alien warrant holders who are unable to exercise the rights because of a restriction on the alien shareholding ratio which states in the Company's articles of association, the Company will not be liable for any compensation for damages or will have any obligation to such alien warrant holder, and such alien warrant holder is not entitled to claim for any damages or any compensation against the Company whatever. However, the warrant is effective until the expiration date. If on the last exercise date, the alien warrant holders are unable to exercise the warrants because of the restriction on the alien shareholding ratio according to the Company's articles of association, it will be deemed that such warrant is expired and the alien warrant holders cannot claim any damages whatever against the Company. The Company will not compensate for any damages occurred.

3. Conditions of the Adjustment of Rights of the Warrants

The Company will adjust the exercise price and/or exercise ratio to purchase the Company's capital-increased ordinary shares throughout the term of the warrants upon the occurrence of any of the following events with the aim to protect the interest of the warrant holders not to be lessened.
